

# Care Navigation

When it comes to inpatient medical procedures, quality is key.

Go to the wrong hospital and you are 13x more likely to have complications.

**The right hospital makes all the difference!**

With Care Navigation powered by Healthcare Bluebook you can see quality ratings on hundreds of procedures across thousands of hospitals nationwide. See how hospitals in your area rate before you schedule your procedure.

# Care Navigation

There's no such thing as a hospital that does everything great. The fact is, hospitals are good at some things and not so good at others; and every hospital's different.

Healthcare Bluebook can help you find the highest quality care based on your specific procedure. We evaluate over 200 procedures across thousands of hospitals nationwide.

## Focusing on what's important to a positive outcome:

- Complications
- Safety
- Mortality
