

the Health Center

TRAVEL MEDICINE MADE EASY!

- Meet with our provider for both personal or work travel consultation
- Discuss recommended vaccinations
- Medication options available for quick access at onsite pharmacy
- Services covered at little to no cost with most insurance plans

TIMING THAT WORKS FOR YOU

MEET WITH PROVIDER

*For your convenience, your first visit can be completed **virtually**. This works best to discuss medical history and provide vaccine records.

*You can schedule your next visit in the Health center to receive needed vaccines and pick up any medications ordered by the provider at a time that works best for you.

OVER THE COUNTER MEDICATIONS

The on-site pharmacy next door has numerous options for symptom relief during travel at a discounted price.

COMMON TRAVEL VACCINES

Common vaccines needed for travel include: Hepatitis A, Hepatitis B, TDAP, Typhoid, Malaria, and Influenza
